Our Coal Mines.

There is no glamour about it. The process of winning and shipping coal is so commonplace and unattractive to the general public that there is a danger of this most important domestic industry being lost sight of. There is even a danger of the mind of the Government not being adequately impressed with the importance and claims of the coal interests of Vancouver Island. If there were, within six hours' pleasant sail of where we write, a gold mine or a silver mine, employing the amount of labor and averaging the amount of valuable output that Nanaimo does, would not all Victoria be aglow with excitement over it? If Nanaimo were turning out white diamonds at the same average rate of value that she is quietly turning out the black diamond, would not she be the centre of attraction, the sought after of the North Pacific? Unquestionably she would. But "it's only coal," and who cares about coal? How the masses--is it quite right to apply the term "masses" to our present sparse population?—think and talk about Cariboo. It is the fertile theme of the public writer and talker. It is a felt influence in every department of life, the barometer of trade and commerce. Has not the public mind been unduly absorbed in Cariboo? Would the reader be surprised to learn that the average value of the output of Nanaimo is fast approximating that of Cariboo? And yet so it is. A few weeks ago we placed before our readers a hasty sketch of the various coal measures in course of working at Nanaimo, including the Douglas, the Wellington, and the Newcastle mines; so that it will not be considered necessary to travel over that ground now. Data at hand enables us to state that the aggregate output this year will rise above fifty thousand tons. At five dollars and fifty cents a ton, that would yield two hundred and seventy-five thousand dollars. We are in a position to state that preparations are now in course to double the output, in order to meet the increased demand of next year, which there is every reason to believe will be double the present. The causes of this great increase in the demand for our coal are various. In the first place, the reduction of the United States duty to the extent of fifty cents a ton gives British Columbia a better footing in the San Francisco market,—our chief market at present. In the second place, the superiority of our coal over all competitors on this coast has come to be better understood and more generally acknowledged in California. In the third place, the coal consumption is greatly increasing. These and other circumstances have led those most directly interested to conclude that the demand of 1873 will be double that of 1872; and so thoroughly convinced are they of the correctness of these conclusions that they are, as has already been stated, making preparations for doubling the output of the mines. It will thus be seen that Nanaimo is already close upon the heels of Cariboo, with a fair prospect of outstripping her. Looking to future development, the Nanaimo of the present, with all its relative importance is but the nucleus, so to speak, of that which shall be. Whether the Canada Pacific Railway should cross Johnston Strait by a bridge or Georgia Strait by a ferry, or whether it should stop short at Burrard Inlet, Nanaimo will be all right. She, at least, possesses a power which must compel Commerce to come and kneel to her. Her coal stores are her power; and these stores are practically inexhaustible. Competant authority has pronounced the coal measures of which Nanaimo may justly be regarded as the centre and representative, to be practically inexhaustible. While, therefore, Nanaimo has in the past, been denied that important position either in the public mind or in the Legislative appropriations to which she was entitled, it is quite clear that she is fast attaining a position and a power which will enable her to assert her just rights and demand her proper share of attention both at the hands of the public and the Government. And it would seem, if one might venture to judge by outward appearance, that the people of Nanaimo are beginning to realize all this. The preparations for greatly enlarging mining operations have already been adverted to. At no period in the history of the town has so much building been going on. Several large houses of the better class have been built; others are in course of erection, while others again are projected. Private effort and enterprise needs only to be encouraged and seconded by the expenditure of a more just share of the public revenue in forming and improving streets and bridges, in order to give Nanaimo an appearance and facilities commensurate with her importance. That our immense stores of superior coal will attract foreign capital is quite certain. Indeed we have reason to know that at the present moment San Francisco is looking in that direction. Nor is the inflow of American capital at all undesirable. The infusion of new capital is at all times desirable. In this instance it is especially so; for it is not unreasonable to presume that in the ratio in which American capital is employed in the development of our coal mines will American influence be brought to bear at Washington in favor of throwing open the Golden Gate of San Francisco for the free admission of the product of these mines. It is, therefore, in this view, highly gratifying to know that San Francisco capitalists are directing attention to the wonderous coal stores of Vancouver Island,—stores destined to exert a powerful influence upon commerce in the North Pacific.

The Lower Country.

From N. W. "Herald."

Mr. Sanford Fleming and party went over to Burrard Inlet on Saturday as the guests of Mr. H. Nelson, M. P. for the District.

At Hastings pier the little steamer Sea Foam was in readiness and conveyed the party to Moody, Dietz & Nelson's Mills, where some time was pleasantly spent in examining the mill itself and the various objects of interest connected with it. It so happened that the logs on which the mill was engaged at the time were fine specimens of the Douglas Pine, being about five feet in diameter. At the company's assay office the party were shown some fine specimens of the celebrated Eureka ore, and also some ingots and "buttons" of silver obtained therefrom,

After doing justice to an excellent lunch, the party proceeded on board Messrs. Moody, Dietz & Nelson's new steamer, which was lying at the wharf, with steam up, ready to take them on a tour of inspection to the outer harbor. The run down the Inlet, along the shore of English Bay and into the mouth of Howe Sound, was very pleasant, and afforded the visitors a fine opportunity of noting the advantages which nature has showered with a lavish hand on this harbor----or rather, this chain of harbors----which is destined, ere many years, to see its now quiet waters ploughed by thousands of keels, bearing to the West the rich products of Orient lands, and carrying back again the ruder staples of the hardy North. After proceeding a few miles up Howe Sound, the steamer was put about, and running along the southern shore of English Bay, she once more entered the Inlet, arriving at her wharf about half-past six. At seven, dinner was announced, and after a few hours spent in social enjoyment Mr. Sanford Fleming and party, accompanied by Mr. Nelson, Dr. Carrall and Mr. Nathan, embarked on the Sir James Douglas (which steamer had arrived from Victoria during the afternoon) and sailed at three o'clock next morning for Bute Inlet.

During the day, as a matter of course, little or nothing was said on the "terminus" question; but the Chief Engineer, in responding to a toast, availed himself of the opportunity to assure those who heard him that the fears of some who regard the railway project as a myth were wholly without foundation. Before ten years had passed the continent would be spanned by a railway through British territory.

North Arm and surrounding farmers have had this season another proof of the productive power of the soil, together with the genuineness of the root and wheat crops on the Fraser flats. The writer saw at the farm of Mr. W. D. Ferris, 67 pounds of Breely Prolific potatoes, being the yield of two planted. At the same place were exhibited samples of superior red and white wheat 5½ feet high, yielding 3090 lbs or 50 bushels to the acre. The Timothy hay is unsurpassed in quality and quantity per acre. A little more capital, with a few years' industry will make this section one of the most desirable and delightful parts of British Columbia.

GOOD EXAMPLE.----Mr. J. T. Scott is adorning the north side of Lytton Square with shade trees.

SILVER.----The Onward brought 20 ton's of silver ore from the Van Bremer mine, Hope.

WE wonder what induces David Green the Clothier, of Government street, to advertise, as everyone is aware that he keeps the best fashionable made clothing store north of San Francisco.

Return of Sandford Fleming and Party.

Yesterday, at 12¼ o'clock p. m., the steamer Sir James Douglas, Capt. Clarke, steamed into the harbor from Bute Inlet. She had on board Sandford Fleming (Chief Engineer of the Canada Pacific Pacific Railway) and son; Mr. Marcus Smith, Assistant Engineer, Mr. Henry Nathan, M.P., Provisional Director of the Canadian Pacific Railway Company; Mr. H. Nelson, M.P. for New Westminster; Senator Carrall; Rev. Mr. Grant of Halifax, N.S.; and Dr. Moren of Toronto, Ont.

The Sir James Douglas, after leaving Burrard Inlet, went to the head of Bute Inlet, then passed through the channels and rapids around the northern end of Langevin Island into Seymour Narrows, where M. Michaud's camp was visited and inspected. From the Narrows the Douglas ran to Nanaimo, and thence to Victoria. Shortly after reaching Victoria Mr. Fleming and Mr. Smith visited Esquimalt harbor. Upon their return to Victoria in the evening the visitors, with Hon. Dr. Helmcken, H. A. Tuzo, Esq., Manager Bank British North America, W. C. Ward, Esq., Manager Bank British Columbia, Capt. Clarke, of the Sir James Douglas, and T. L. Stahlschmidt, Esq., were entertained at dinner by Mr. Nathan, M.P., at the Colonial Hotel, and about 7 o'clock in the evening they again embarked in the Sir James Douglas for Alberni Canal. They will return to Victoria early on Friday morning and will sail on the mail steamer for San Francisco and home.

Three cheers were given from the wharf as the steamer moved off.

With regard to the opinion of Mr. Fleming as to the best route for the road we would state that nothing will be known for several months, and any report that may fix the route at one point or another will be mere conjecture and, consequently, unreliable.

C. P. R. S.

Gansby's party have got half way down Bute Inlet.... Michaud's party are progressing rapidly with their sounding.... Green's party are at Kanim Lake approaching the coast.... Trutch's party have completed the survey of the Thompson and have gone to survey another section.... The survey will not be through until the 1st December.

From Kootenay.

Messrs. Stronach and Welton, the discoverers of the Kootenay Silver Lead, arrived by the Onward on Monday night, bringing about 200 lbs of ore from the mine. To the last-named gentleman we are indebted for the following items of news:

Snow was found on the trail, in crossing the Selkirk Range, for about 15 miles, the greatest depth being on the summit—about 8 inches.

Some 180 pack animals were passed, all bound for Kootenay with provisions, liquors, etc. One of the trains belonged to Dr. Chisholm, with whom our informants camped one night.

Mr. Johnson, mail-carrier, was met about 8 miles beyond Osoyoos, all well.

Stock on the Semilkameen looks well and there is plenty of it. There was no snow on the trail over the Hope mountains, and the rivers were all very low.

From Hope Messrs. Stronach and Welton sent back their horses to winter at Semilkameen, it being their intention to return in the Spring.—"N. W. Herald."

SMALL-POX AT NEW WESTMINSTER.—We are sorry to announce that the three patients at New Westminster supposed to be suffering from erysipelas, are really afflicted with small-pox. The disease is supposed to have been introduced in some baggage brought from quarantine in May last. The discovery of the existence of small-pox is due to Dr. Moren, who came across the Continent with Mr. Fleming. He was invited to pass the evening at a private house and upon entering the hall exclaimed, "This house is full of small-pox." A little girl, adopted daughter of Mr. John Dickson, of this city, who was lying ill upstairs, was pronounced by Dr. Moren to be suffering from small-pox. Mrs. Kirkwood and little Ada Withrow were also pronounced ill of small-pox. Every precaution has been taken to prevent the spread of the disease and we trust that it will prove successful in keeping it away from us.

THE steamer Enterprise arrived yesterday afternoon with the following passengers fsom New Westmiester: Capt. Parsons and wife, Pooley and wife, Ferris and wife, Herring and wife, Miss Agassiz, Miss Barnard, Miss Herring, Messrs. Walsh, Godson, Stevens, Ogilvy, D. Robson, J. L. Franklyn, Stronach, Welton, Bonwick, Peel, E. Brown, Agassiz, Major, Howse, Insley, Clarke, Hubbuck, J. F. Grant and Father Kirley, and 30 others.

COLLISION AT SEA.—On Thursday morning last the ship Windward, bound from San Francisco for Burrard Inlet, when off Cape Flattery, was run into by the ship Nicholas Biddle, bound for Puget Sound. The Biddle struck the Windward on the port side, doing considerable damage to that ship and losing her own bowsprit. After the vessels got clear both entered the Straits. The Windward arrived here yesterday morning and will proceed to the Inlet this morning to be surveyed, so that the extent of the damage may be ascertained.

THE SHOW.—The Agricultural Show will be thrown open to the public at one o'clock this afternoon. The Judges will meet at 9 o'clock and pass upon the various articles. In the evening there will be a ball at Alhambra Hall to which admisson may be had on payment of $1 50. Yesterday the workmen were engaged in receiving articles for exhibition and in arranging them for the Show, which bids fair to be the most interesting and successful yet held here.

City Council.

The Council met at 7:30 p.m. Present—His Worship the Mayor and Couns. Gowen, Gerow, McMillan, Mitchell, Taylor and Robinson.

COMMUNICATIONS

From Kinsman & Styles with regard to the excavation on Government street, stating that they had caused earth to be brought from some distance to fill up the space caused by the sinking of the ground where the culverts were constructed, at a cost of some $30.

The account was ordered paid according to agreement, and $30 extra for extra material ordered to be paid to Messrs. Kinsman & Styles.

Also from the Sec. of the V. F. D. accompanied by copies of the revised Constitution and Bye-laws.

Also, from the residents on Cook street asking the Council to have the street gravelled and offering to pay a certain amount towards the expense.

Referred to Street Committee.

Also, from residents on Store street asking that a sidewalk be laid from Janion, Rhodes & Co.'s warehouses to Dickson, Campbell & Co's.

Also, from the Sec. of the V. F. D. stating that Wm. Lohse had been elected for Chief Engineer and Frank Saunders, Assistant Engineer, for the ensuing year.

Also, from C. Morton calling attention to the state of the sidewalk on Langley street.

ACCOUNTS

From T. Craigie, $20; R. Turner, $11; Geo. Stelly, $35; Mansell & Holroyd, $3; A. Strong, $33 50; J. S. Drummond, $2 50; H. F. Heisterman, $15; D. Lenevue, $12 63; T. N. Hibben & Co., $11 13.

Referred to Finance Committee.

Committee for extending the limits reported it desirable as follows: From the W. side of Clover Point along Moss street to Lion Brewery along Finlayson road to Bridge Tavern; thence to Porter's Brickyard thence to a point across Victoria Arm and thence to the place of starting.

Report received.

Coun. Robinson moved that a petition be addressed to the Legislative Assembly asking that the city boundaries be extended. Carried.

Coun. Gowen according to notice of motion, moved that Fort street from Wharf street to the city boundaries be put in repair.

Tenders were ordered to be called for digging and bricking a well for the City Pound.

With regard to the grading and gravelling of Cormorant street, the majority of the Councillors were annoyed that the work had not been commenced in consequence of the Mayor refusing to sign the bond without taking legal advice as to the agreement with the property holdors.

Coun. Gowen stated that the Manager of the Gas Co. had offered to place lamp-posts in different parts of the city free of charge, the cost of gas alone to be paid for. He moved that the Mayor and himself be appointed to confer with Mr. Thomson on the subject. Carried.

The Council then adjourned.

To Be Detained.

It is reported that the steamship Prince Alfred will be detained until Monday next to enable the Chief Engineer of the Canada Pacific Railway to complete his observations. Should the detention take place, the Rev. Mr. Grant will preach at the Presbyterian Church on Sunday next.

SANDFORD FLEMING, C. E., Chief Engineer of the Canada Pacific Railway, and now in this Province, was on the engineering staff of the Northern Railway of Canada from 1852 to 1863, during the greater portion of which time he was Chief Engineer of the road. He was a delegate to England in 1863, as the bearer of a memorial from the people of Red River Settlement, praying for the opening up of such a line of road as would afford that settlement free access without being dependent on a foreign country. He was appointed the same year by the Governments of Canada, New Brunswick and Nova Scotia, and also by the Imperial Government, to conduct the preliminary survey for the Intercolonial Railway. In 1868 he was appointed Chief Engineer of the Intercolonial Railway; and in 1871 he was appointed Chief Engineer to carry on the Pacific Railway surveys. Mr. Fleming is author of many printed reports on Railways and Public Works. He was born in 1827. The above facts are taken from the Canadian Parliamentary Companion.

SCHOOL BOARD.—The Board of Trustees met last evening. The minutes of previous meeting were read and adopted. A communication was read from the Provincial Secretary stating that the money for defraying the expenses in connection with the schools (with the exception of the accounts of Hibben & Co and Spencer) would be paid to the Treasurer of the Board on application at the Treasury. The accounts for stationery are to be paid out of the moneys collected at the schools for that purpose. Also, from the Board of Education stating that Miss Mahood had been appointed assistant teacher at the girls school and that they were averse to opening a new school.

THE SOCIAL, the first of the winter series, held in the basement of Wesley Church last night, was well attended and passed off very successfully. Short addresses were delivered by the Rev. Messrs Pollard, Weeks and Derrick; a most interesting reading was given by Miss Maria Pollard and the efficient choir rendered some excellent music. The occasion was a very enjoyable one—an auspicious commencement of the series.

SILVER ORE. — Messrs. Stronach and Welton brought down splendid specimens of silver ore for assay. The Eureka Company have sent 20 tons of ore to New Westminster en route to San Francisco.

THE steamer Enterprise brought down a large amount of produce from New Westminster for the Show. and a great quantity of salmon in cans from Deas' fishery for Findlay, Durham & Brodie.

EDUCATIONAL.—Mr. Jessop, Superintendent of Education, arrived at Chilliwhack on Monday, where he would examine the Chilliwhack and Sumas schools and then proceed to Langley and New Westminster. He may be expected here on Saturday.

THE WEEKLY BRITISH COLONIST is now ready for mailing per Prince Alfred.

Police Court.

Daniel Harper, a seaman belonging to H.M.S. Scylla, was charged with assault—a constable while in the execution of his duty and was fined $20.

A. Beatt, was charged with trying to steal a pig belonging to Matthew Francis. The evidence for the prosecution went to show that Francis hearing some pigs squealing near Peatt's house, went to see what was the matter and found one of his own pigs lying tied, with its ear bleeding from being freshly branded with Peatt's brand. The evidence for the defence went to show that there was no proof that the branding was done either by defendant or with his knowledge. The Judge was of opinion that this was a very important case, and as he did not wish to damage the reputation of a man like the defendant without thorough investigation, determined to postpone the case for one week to give the police a chance to thoroughly sift the matter.

Two maids of the forests of Cowichan and Sooke, respectively, got at loggerheads. Sooke bit Cowichan's finger, whereupon Cowichan retaliated by damaging Sooke's head with a stone. She appeared with her head bandaged. They were fined £5 each, in default of payment, two months' imprisonment.

PROVINCIAL LUNATIC ASYLUM.—Messrs. Fell & Co. have been awarded the contract for supplying the Asylum with groceries and provisions; J. Vaughan, with meat and vegetables; and G. W. Anderson of Fort street, with bread. Mr. J. Love has been appointed Assistant Superintendent. The patients will be removed on Saturday to their new quarters.

HEALTHY PROGRESS.—Last year, through the liberality of the settlers, a Wesleyan Church was erected in North Cowichan. Through the same praiseworthy trait of character in these settlers the Rev. Mr. Clarkson has been enabled to undertake the erection of a parsonage which is now underweigh.

BEETS.—A sample of sugar beets from Mr. Picht's plantation near New Westminster, will be exhibited to-day. Mr. Picht planted 12 acres with sugar beets and the yield is immense. At his distillery the beets are now being crushed in great quantity.

DISSOLVED.—Mr. G. Promis has retired from the well known grocery and provision house of Promis & Saunders, and the junior member in the firm, Mr. Henry Saunders, has succeeded to the business. Mr. Saunders will sustain the well-earned reputation of the late firm.

COMPLAINTS.—The people of the Sumas and Chilliwhack settlements are complaining about the non-expenditure of the Legislative appropriations for bridges, &c., in that part of the country. They very properly say now is the time for these works.

QUARANTINE ACCOUNTS.—These accounts have been sent to Mr. Tims, who is now in communication with the Board of Health and the Provincial Government with respect to them.

SMALL POX NEAR TOWN.—A report was brought to town yesterday that a Chinaman, ill with the small pox, was lying in a tent near Finlayson's residence.

THE CEMETERY.—The Foul Bay property has been finally transferred by Mr. Burnaby to the Cemetery Commissioners and the contractors will commence to lay out and drain the ground to-morrow.

PLOUGHING MATCH.—The Saanich ploughing match will come off on the 19th inst., at Mr. Jones' farm.

JENNIE ARNOT is now playing "Cupid" in (the burlesque) Chow Chow, at Wood's Museum, New York.

THE "COLONIST'S" SPECIAL DISPATCHES.

LAST NIGHT'S DISPATCHES.

Eastern States.

CINCINATTI, Oct. 7.—A riot occurred to-night at 10 o'clock, corner of Fifth and Broadway, between a Fourth ward, Greeley torch-light procession and some colored people; from fifty to seventy-five shots were fired and several persons wounded, but none, so far as heard killed. During the day the colored people say word was sent them that they would be attacked this evening. This news came also to the police officers of the district who feared a riot. The colored men laid in a stock of ammunition and the colored women of a small chapel at the corner of Sixth and Broadway, were holding a sort of fair for the benefit of the church. A brass band was playing for them in front of the door, this drew a large crowd. Speeches were called for and a colored man made them a political speech on the street. While he was speaking the procession of Greeley men marching on Fifth st. towards Broadway came in the street and intending to go down toward one a short distance from where speaking was, the procession turned down Broadway marching away from the crowd at the chapel. At this time firing commenced; how it started, no two statements quite agree, one account is that a lot of colored children rushed down to the corner to see it go by and hurrahed for Grant, and the torch-bearers in the procession beat them back and drove them away and then attempted to drive a colored man away by threatening him and he drew a pistol and fired at them. Others who saw the beginning say four shots were fired by men in the procession and the blacks fired back. Unarmed colored men ran into their armory on New street north of Sixth and rushed out to reinforce their friends, they succeeded in driving back and dispersing the members of the procession rushed back to their armory where about 200 of them are under arms they have all approaches to the armory guarded. One of their leaders inside made a speech in which he stated: "this attack was organized to intimidate you from voting to-morrow morning. I want to say to you, let every man go to the polls and vote if the act costs him his life." The speech was received with defeaning shouts. When the riot was in progress, alarm was turned on and fire-bells tolled and the whole force was called out.

NEW YORK, Oct. 7.—The announcement from Washington that the treasury department would sell five millions of gold to-day and buy five millions of bonds has created a stir in financial circles. Last evening a large crowd of Wall street operators were congregated at the Fifth Avenue Hotel discussing the gold quotations. The "Times" says it is now understood among well informed persons that the Government will place at least ten millions in gold in the market to be sold for the benefit of those needing coin to pay duties and transact their foreign business.

LEA & PERRINS'

CELEBRATED

Worcestershire Sauce.

DECLARED BY CONNOISSEURS TO BE

THE ONLY GOOD SAUCE.

CAUTION AGAINST FRAUD.

The success of this most delicious and unrivalled Condiment having caused certain dealers to apply the name of "Worcestershire Sauce" to their own inferior compounds, the Public is hereby informed that the only way to secure the genuine is to

ASK FOR LEA & PERRINS' SAUCE

and to see that their names are upon the wrapper, label stopper and bottle.

Some of the foreign markets having been supplied, with a spurious Worcestershire sauce, upon the wrapper and labels of which the name of Lea & Perrins have been forged. L. and P. give notice that they have furnished their correspondents with power of attorney to take instant proceedings against Manufacturers and Vendors of such, or any other imitations by which their right may be infringed.

Ask for LEA & PERRINS' Sauce, and see Name on Wrapper, Label, Bottle and Stopper.

Wholesale and for Export by the Proprietors, Worcester; Crosse & Blackwell, London, &c., &c.; and by Grocers and Oilmen universally.

Dry Dock.

BRITISH COLUMBIA.

ESQUIMALT GRAVING DOCK.

THE GOVERNMENT OF BRITISH COLumbia are prepared to receive Tenders for the construction of a Graving Dock at the Naval Station Esquimalt Harbor, under the guarantee provided in Twelfth Section of the Terms of Union of this Province with the Dominion of Canada, which section is in the following words:

"The Dominion Government shall guarantee the interest for ten years from the date of the completion of the work at the rate of five per cent per annum, on such sums not exceeding £100,000 sterling as may be required for the construction of a first class Graving Dock at Esquimalt."

The Dock to be of Masonry, and of not less than the following dimensions:—

Length on floor 370 feet,
Do over all 400 feet,
Width between copings 90 feet,
Do on floor.....45 feet,
Do of entrance.....63 feet,

To afford a depth of water on the sill of not less than 26½ feet at high water springs, and to be substantially constructed to the approval of Government, upon a site to be provided by the person whose tenders may be accepted.

Further particulars as to plans, site, borings, &c, may be obtained from T. A. BULKLEY, Esq., Chief Engineer to Government, upon application in writing to the Chief Commissioner of Lands and Works.

Tenders must specify the time within which the Dock will be completed, and may be accompanied by drawings and descriptions, showing exact dimensions, materials and mode of construction of proposed Dock.

Tenders are to be sealed, superscribed "Tender for Esquimalt Graving Dock," addressed to the Chief Commissioner of Lands and Works, Victoria, British Columbia, and delivered at his office before noon on the 15th day of November, 1872.

Persons who may consider the above guarantee to be insufficient, are at liberty to tender on the basis of such supplemental guarantee by the Provincial Government or upon such other financial inducements as they may suggest.

The Government do not bind themselves to accept the lowest or any tender.

Each Tender must be accompanied by a Bond from the Contractor, and two sufficient sureties, for the payment of £10,000 to Her Majesty, Her heirs and successors, conditioned upon the due fulfilment of the Tender which it accompanies provided it be accepted within three months from the said 15th of November.

By Command,
GEO. A. WALKEM,
Chief Commissioner of Lands and Works.

Medical.

Card of Thanks to Dr. Chong.

AFTER BEING TREATED FIVE MONTHS by a white doctor, and spending nearly $300, I was worse than when I first went to him. I had quite despaired of being relieved when I read Dr. Chong's Card in THE COLONIST. I placed myself under his care and in NINE DAYS I was a well man. I write this card to discharge a debt of gratitude I owe to Dr Chong whose charges, I may also say, were reasonable. My complaint was neuralgia. WILLIAM McCORMICK.

FOR DYSENTERY, CHOLERA, AGUE, COUGHS COLDS, &c.

DR. J. COLLIS BROWNE'S
(Ex Army Med Staff)

CHLORODYNE.

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W P Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE: that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne: that they prescribe it largely and mean no other than Dr Browne's.—See TIMES, July 12, 1864.

The Public therefore are cautioned against using any other than

DR J. COLLIS OWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma, Cramp Rheumatism, Neuralgia, Cough, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet Dec 31, 1864.

From A Montgomery, Esq., late inspector of Hospitals, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when other medicines had failed.

Dr Lowe, Medical Missionary in India reports [Dec 1865] that in nearly every case of Cholera in which Dr Collis Browne's Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox remedical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

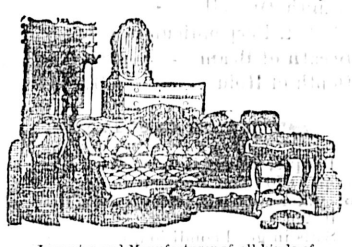

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed.

See leading article, Pharmaceutical Journal, Aug 1, 1863, which states that Dr J. Collis Browne was the inventor of Chlorodyn: that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION—None genuine without the words "Dr J Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle
